HB386 is a bill which was introduced into the Alabama State Legislature on January 30, 2014. The bill addresses shoreline restoration to mitigate erosion for areas like Dauphin Island due to the ship channel dredging of Mobile Bay and dredging of other inlets.

Representatives from the Town of Dauphin Island and the DIPOA will be speaking about the bill.

If you are unable to attend and have a comment for a representative please submit it to the Town Clerk at ndavidson@townofdauphinisland.org or call 251-861-5525.
