- ▶ Science Advisory
- ▶ Project Implementation
- ▶ Government Networks
- ▶ Business Resources

Old Business: Goals for 2016

Purpose: to re-establish the CAC Water Quality Program by engaging grassroots groups and educating citizens about the water quality issues related to their local watersheds

Goals: to increase citizen involvement in hands-on monitoring and its contribution to watershed planning; build capacity among grassroots groups through trainings and technology transfer

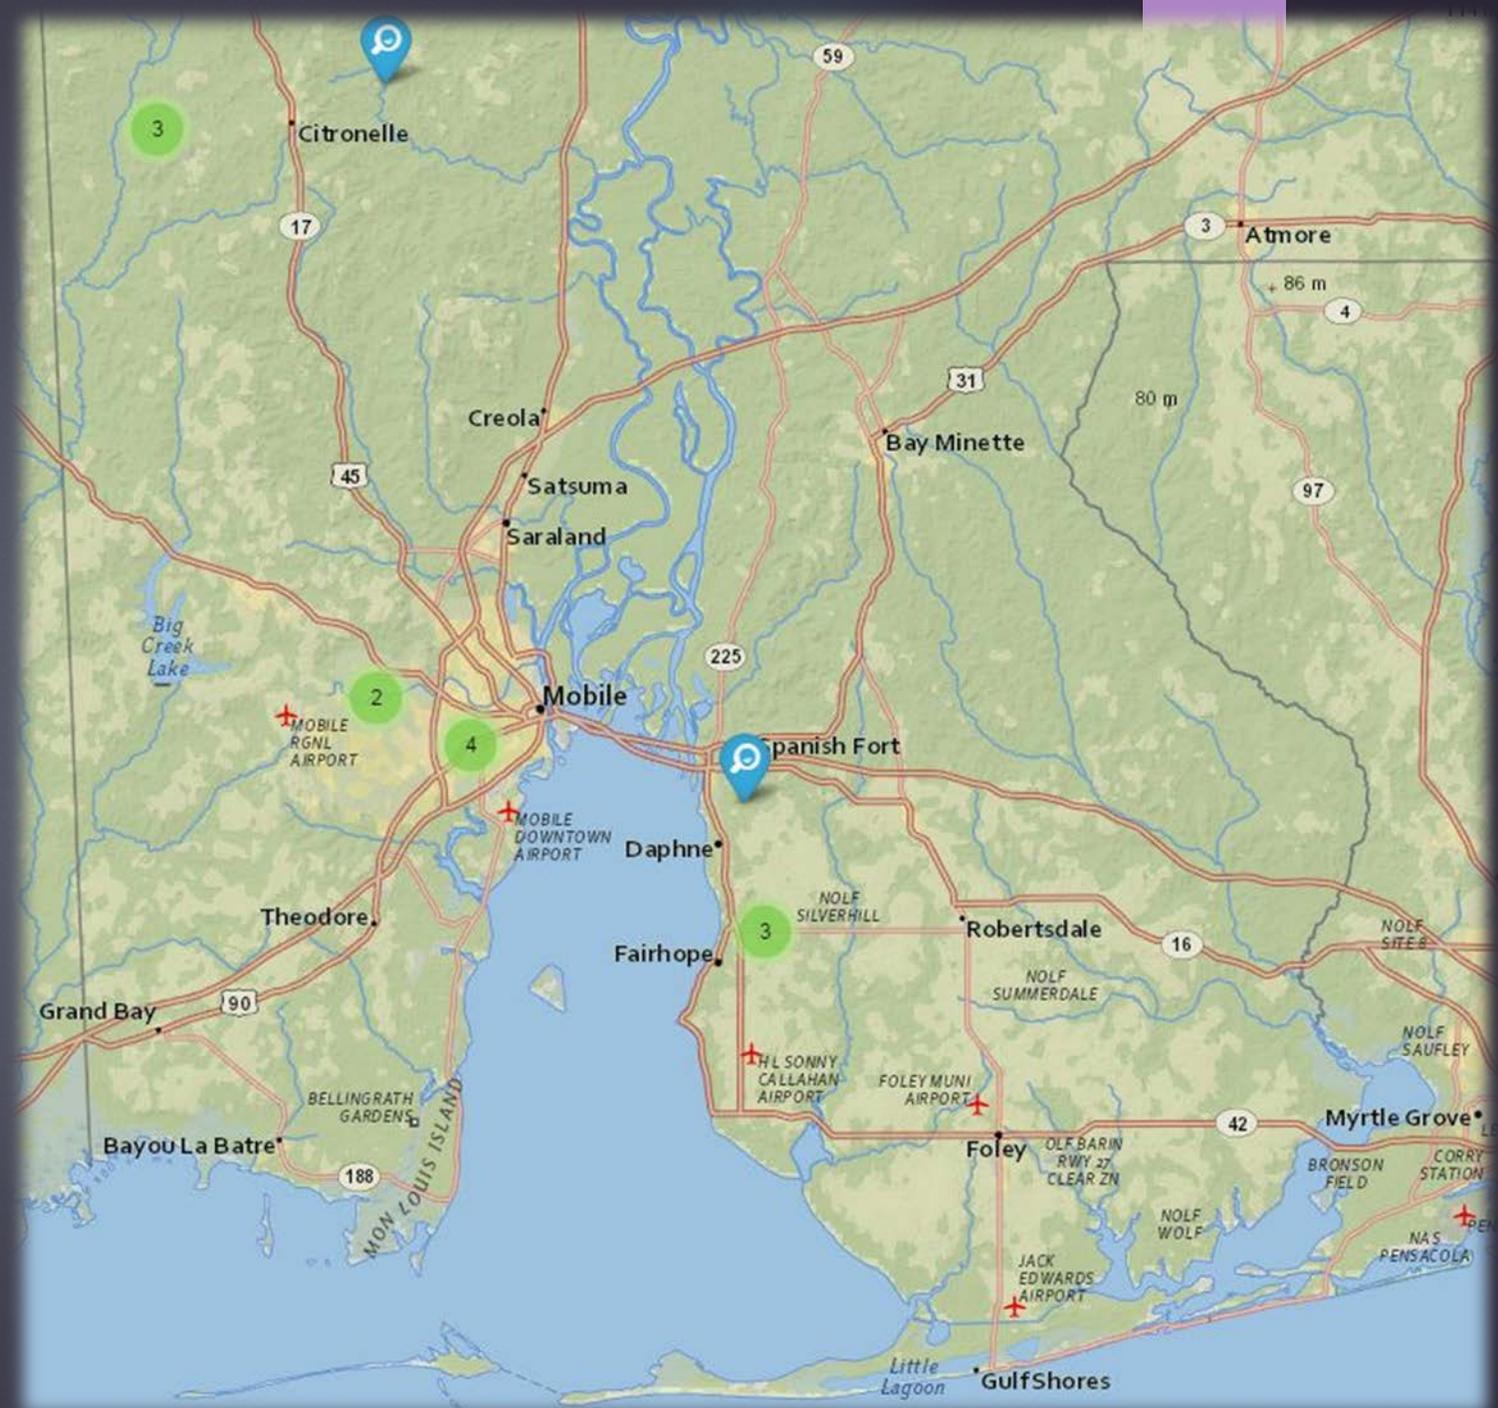

Objectives:

- ▶ Establish target number for trained volunteers
- ▶ Assess equipment needs / Chemical supply and demand
- ▶ Location accessibility needs for volunteer monitors
- ▶ Level of monitoring (types)
- ▶ Training needs

New Business:

Water Rangers Tool

<http://app.waterrangers.ca/>

New Business:

Clean Water Future Website

<http://www.cleanwaterfuture.com/>

**IF WE WANT TO KEEP
OUR WATER CLEAN, WE
NEED TO KNOW WHAT
MAKES IT DIRTY... AND DO
SOMETHING ABOUT IT!**
