

# Did you know?

- Motorists generate 53% of litter on U.S. roadways each year.
- Almost 29% of truck drivers are aware of unsecured trash flying out of their truck beds.
- It takes plastic bottles 50 years to decompose in the environment.
- Litter cleanup costs the U.S. almost \$11.5 billion each year, with businesses paying \$9.1 billion, and taxpayers picking up the remainder.

## How can YOU reduce truck bed trash?

### STOW ALL TRASH

IN A CAN BEFORE HITTING THE ROAD.

### VISIT
