

Social Media Posts for Trash Blows Campaign:

Facebook/LinkedIn: Did you know - motorists generate 53% of the litter you see on our roadways? This equates to roughly 4,891 pieces of litter being added to our streets and making it into our waters every month.

How can YOU be part of the solution? Pledge to STOW it! Visit www.cleanwaterfuture.com to learn how you can make changes to keep trash secure- and off our roads. #trashblows #stowit #dontbetrashy #LitterFreeMobile

Facebook/LinkedIn: It takes plastic bottles 450 years to decompose in the environment. How many of these bottles do you see along our roads? Unsecured bottles in the back of a truck can fly out and land along our roads, eventually making it into our waters.

Encourage your employees to stow all trash in a can before hitting the road and take our "Trash Blows, Stow It!" pledge to reduce loose trash in your truck:

Facebook/LinkedIn: Litter cleanups cost the U.S. almost \$11.5 billion each year, with businesses paying \$9.1 billion, and taxpayers picking up the remainder - @City Of Mobile sets aside at least \$1 Million to pick up litter annually. Stop trash from making it to our roads and waterways. Encourage your friends, family, co-workers, and employees to secure all trash in the bed of your truck before hitting the road. Trash Blows! Stow It! Educate them about the problems caused by loose trash blowing out of trucks. Learn more and take the Pledge to Stow It! at www.CleanWaterFuture.com #trashblows #stowit #dontbetrashy #LitterFreeMobile

Twitter: Annually, litter cleanup costs the US almost \$11.5 billion, with the @City_of_Mobile spending at least \$1 Million locally.

Educate friends & family about the problems caused by loose trash blowing out of trucks: www.CleanWaterFuture.com #TrashBlows #LitterFreeMobile #Dontbetrashy

Facebook & LinkedIn: Have you seen the latest @Lamar Advertising billboards around town? Along with partners, the City of Mobile is picking up the Trash Blows! Stow It! Campaign as part of becoming Litter-Free Mobile, we are on a mission to reduce the amount of litter caused by trash that blows out of pick-up trucks. One of the largest environmental issues we face along the Gulf Coast is litter and its effects on our local waterways.

Learn more about what YOU can do and commit to putting trash in a trash can – Sign the Pledge at www.CleanWaterFuture.com.

Twitter: Have you seen the billboards around town? @LamarMobile is supporting a Litter-Free Mobile & our community Trash Blows! Stow It! Campaign. We're all on a mission to reduce litter caused by truck bed trash. Take the Pledge & Learn more at www.CleanWaterFuture.com

Facebook & LinkedIn: One of the largest environmental issues we face along the Gulf Coast is litter and its effects on our local waterways. The City of Mobile's Partners – PEP, Dog River Clearwater Revival, and the Mobile Bay NEP created the Trash Blows! Stow It! Campaign. The goal is to educate pickup truck drivers and businesses with truck fleets about the environmental and economic impacts of truck bed trash blowing onto our roads and waterways, specifically the Mobile Bay and Dog River Watersheds. Learn more and take the pledge to stop truck bed trash from flying. Trash Blows! Stow It!: www.CleanWaterFuture.com

Twitter: One of the largest environmental issues we face along the Gulf Coast is litter & its effects on our local waterways. Our Trash Blows! Stow It! Campaign aims to educate pickup truck drivers about litter. Learn more & take the pledge:
