

Did you know that Robertsdale High School is in the Blackwater River Watershed?

**Let's protect OUR territory
Put it in the CAN Golden Bear
fan Only Losers LITTER.**

GO BEARS!

Carry the ball!
Our goal is a
Clean Water
Future.

Don't get
blind-sided by
dirty water.

Let's win one
for the river!

A watershed is
defined as the
area of land
that drains to a
particular
stream or
waterbody.

Littering is like
punting on 1st
down.

Hut Hut! Don't flick
the butt! Cigarette
butts are litter too.

The Baldwin County and the
Mobile Bay National Estuary
Program are *Creating a Clean
Water Future One School at a Time.*
